

# Bios7 Bin Bios9 Bin Download Full

May 2, 2021 4:00 PM Specifically, I need DS: bios7.bin bios9.bin firmware.bin And for DSI I ... nand.bin (this one is very important I can't find it in any way!) Who knows where these files can be found for DS? If anyone has the opportunity, throw it to me please! I already put the whole Internet on my ears, but I did not find it anywhere. I would be very grateful! All files can be downloaded here (registration required). If possible, I advise you to download immediately with one or another firmware, and not just with bios. Bios only has firmware for DSI, but if you have firmware for DSI, then you can flash it without problems. As for nand.bin, I can't say, I just don't know
