by D Ciechanowicz Â· Quoted from 2 - the field of electrical engineering with the power of structured information. Address the problem statement and thereby answer the research. Electrical / electronic) and software components" of an automobile vehicle. I use the word "researcher" in this sense, since this concept includes two roles: the researcher, who is the consumer of information and its disseminator, and the scientist, who collects and analyzes this information, and then proposes a solution. It doesn't matter to the author who is right - the researchers or the consumers of information, since the goal of any discussion is to ultimately help establish whether the decision is right or not.
